biennial meeting*

開催日時： 2015年**10**月**25**日（日）
9:30 ~ 17:00 （9:00 開場）
（18時00分より懇親会 山の上ホテル）

会 場： **連合会館**（旧総評会館）
101-0062 東京都千代田区神田駿河台3-2-11

主 催 日本Tweed矯正歯科研究会

ご挨拶

日本Tweed 矯正歯科学研究会
会長 中久木正俊

本年10月25日(日)に、連合会館にて、第11回日本Tweed矯正歯科学研究会大会を開催致します。前回に続いてアメリカ本部からクロンツ先生、ベイドン先生の二大巨頭が来日し、講演していただきます。さらに今回は、その後のPre-Tucsonコースの3日間もお二人に指導を頂きます。今まで20年間に渡り、本部の協力を得て本会も発展してきましたが、今後もさらに親交を深め、エッジワイズ法の基本であるTweed Philosophyを、多くの矯正家にご理解頂くよう広めてゆきたいと思ひます。

ぜひ皆さんが多くの症例を持ち寄って、にぎやかな症例展示とし、そこから臨床の糧となるようなものを持ち帰っていただければと思っております。多数の会員のご出席をお待ちしております。

プログラム

- | | | | |
|---------|-------------|--|-------|
| ■ 9:00 | 受付開始 | ※症例を各自展示していただきます | 司会・座長 |
| ■ 9:30 | 会員総会 | | 藤崎 |
| ■ 10:00 | 会長挨拶 | 日本Tweed矯正歯科学研究会会長 中久木正俊 | |
| ■ 10:05 | Tweed Guide | Tweed instructor 山村しげみ
「Tweed-Merrifield法の臨床におけるポイント」
—症例の分析と診断— | 野村 |
| ■ 10:20 | 会員発表 | 長谷川桃子
「著しい口元の突出感を伴うAngle's Class I 上下顎前突」
田村隆彦
「上顎歯列弓狭窄を伴うSkeletal 3 切端咬合」
小野修一
「治療後18年を経過した重度Ⅱ級1類過蓋咬合症例」 | 野村 |
| ■ 11:20 | 症例閲覧 | | |
| ■ 12:00 | ランチョンセミナー | 提出症例をクロンツ先生、ベイドン先生が解説 | |
| ■ 13:30 | ビジネスセミナー | 「Basic Orthodontic Clinic Management」
～クリニックマネージメントに秘策なし～
樋口矯正歯科クリニック(福岡市) 河合 悟 | 松原 |
| ■ 14:30 | 特別講演 (同時通訳) | 「 Present Day Tweed-Merrifield Philosophy 」
Dr. Herbert Klontz & Dr. James L. Vaden
※途中 コーヒーブレイク有り | 清水 |
| ■ 17:00 | 閉会 | 症例撤去 懇親会場へ移動 | 稲毛 |
| ■ 18:00 | 懇親会(山の上ホテル) | | |

樋口矯正歯科クリニック
院長 河合 悟

良好な治療結果を得る秘策や裏技がないのと同様に、クリニックのマネージメントにも秘策や裏技はありません。矯正歯科治療の成功にTweed philosophyの理解が重要な様に、クリニックの繁栄のためにはマネージメントの本質、基本を理解する必要があります。経営危機に瀕した矯正歯科専門クリニックをTweed philosophyを実践することで復活させた経験から、私の考えるクリニックマネージメントの基本を話させていただきます。歯科医師過剰時代を生き抜くヒントになれば幸いです。

特別講演

Present Day Tweed-Merrifield Philosophy

Tweed Foundation and Tweed Study Course History

with Personal Remembrances of Tweed & Merrifield

Herb Klontz

The Charles H. Tweed Foundation has a long and colorful history. Its history is important to the specialty of orthodontics and to the future of the specialty. This presentation will attempt to show the relevance of this colorful history to today's specialty.

Dr. Klontz worked with Tweed & Merrifield when these men were Co-Directors of the Tweed Study Course. After Tweed's death, he worked closely with Merrifield for the next thirty years. He spent a lot of time with both men. He will share some personal stories which will give the listener some insight into the personality and character of each of these giants in orthodontics.

Dr. Herbert Klontz

Goals and Concepts Revisited

Jim Vaden

The fundamentals of orthodontics are extremely important. They must be used during the treatment planning and during the treatment of each malocclusion. This presentation will review these fundamentals that are so important to the specialty.

Balance and Harmony of the Face

Herb Klontz

Balance and harmony of the face is a fundamental goal of orthodontic treatment. Every patient who has a malocclusion which adversely impacts his/her facial esthetics desires to have pleasing facial proportion as a result of treatment. This presentation will present the prerequisites for balance and harmony of a face. Case reports that illustrate diagnostic and treatment planning concepts that insure facial balance and harmony will be a significant part of the presentation.

Dr. James L. Vaden

Maxillary First, Mandibular Second Premolar Extraction Treatment

Jim Vaden

Many Class II malocclusions can be best corrected with the removal of the maxillary first and mandibular second premolars. The diagnostic parameters that make this the best treatment plan choice will be explained. The force systems that have been developed to treat this extraction pattern will be presented and explained.

Maxillary and Mandibular First Premolar Extraction Treatment

Herb Klontz

The first premolar extraction pattern is ideal for the correction of the crowded and/or protruded malocclusion. Case reports and the recently revised force systems that are used to correct this type of malocclusion will be shown. The presentation will focus on the face, the skeletal pattern and the teeth. The favorable impact first premolar extraction can have on each of these components of a malocclusion will be carefully explained.

Herbert Klontz

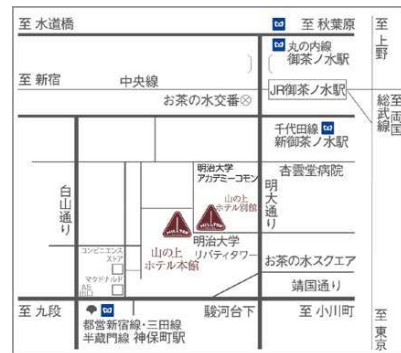

Herbert Klontz has been a private practitioner in Orthodontics from 1962 to present. He is also an Associate Professor in the Department of Orthodontics at The Oklahoma Health and Science Center. Herb has been on the teaching staff of the Charles H. Tweed International Foundation for Orthodontic research since 1967. He became the Tweed Study Course Director in 1983. For over forty years Herb has lectured and taught the Tweed-Merrifield Philosophy and Force Systems throughout the world. Herb has recently elevated Jim Vaden to CO-Director with him of the Tweed Study Course.

James L. Vaden

James L. Vaden has been a private practitioner in Cookeville, Tennessee since 1972. During his professional career, he has been privileged to serve as Director of The American Board of Orthodontics, as the Commissioner for orthodontics for the Commission on Dental Accreditation, and as a member of various AAO standing committees and councils. In addition to his private practice, Jim has been active as a hobby educator and has been a clinical professor at the University of Tennessee since 1980. He served as the Professor and Chairman of Orthodontics from 1999 until 2010. He also served as an adjunct clinical professor from 1991 to 1999 in Department of Orthodontics at the University of Michigan. Dr. Vaden has been active with the Charles Tweed Foundation and the Tweed Study Course since 1976. He has been an Assistant Course Director since 1988. In October of 2012 Jim was elevated to CO-Director with Herb Klontz of the Tweed Study Course.
